Professional Summary

Self-driven and motivated software professional with strong problem-solving and analytical skills. Post Graduate Diploma holder in Big Data Analytics with hands-on experience in Python, SQL, and end-to-end project development. Comfortable with object-oriented programming concepts, data structures, and system design fundamentals.

Experience

Aspirant & Skill Development Educator

2017 – 2024

- Prepared extensively for Civil Services and competitive examinations.
- Developed strong analytical, logical reasoning, and time-management skills.
- Enhanced communication, decision-making, and teaching abilities.
- Maintained disciplined self-learning and long-term perseverance.

Airport Authority of India, Jodhpur

2016

CNS (Communication, Navigation, Surveillance)

- Hands-on exposure to aviation CNS systems.
- Worked with radar systems, air-traffic communication, and navigation aids.
- Learned safety protocols and real-time aviation data monitoring.
- Gained understanding of signal processing and aviation infrastructure.

Projects

UPHAAR – Unique Personalized Hamper and Assortment Recommendations

A data-driven gift recommendation system using deep learning to understand user preferences and map them to culturally rich gift items.

Key Contributions:

- Built and optimized Python-based data pipelines for text and numerical preprocessing.
- Developed a CNN model to analyze gift descriptions and user profiles.
- Integrated the trained model using a Flask-based web application.

Live Project: <https://uphaar-511843972336.us-central1.run.app/home>

Programming & Design

- Python (Strong), Java
- OOPS: Encapsulation, Inheritance, Polymorphism, Abstraction
- Modular code design and problem-solving skills

Data & Backend Skills

- SQL (queries, joins, aggregations)
- Data processing, validation, and ETL workflows

DevOps & Tools

- Git and GitHub (version control and collaboration)

Education

Post Graduate Diploma in Big Data Analytics, CDAC

2024 – 2025 — 71%

- Class Representative, coordinating between faculty and students.
- Hands-on experience in SQL, Python, cloud concepts, and data workflows.

B.Tech in Electronics & Communication Engineering (RTU)

2013 – 2017 — 69.56%

- Active participation in technical and cultural activities.
- Mentored junior students in academics and projects.

Publication

Corner Cut Microstrip Patch Antenna for Ultra Wide Band Applications

IOSR Journal of Electrical and Electronics Engineering (IOSR-JEEE)
